## 2022 CHIEF'S MESSAGE

It is my pleasure to present our 2022 annual report. The men and women of the Rochester Police Department are committed to the principles of providing the best possible service to all who live, work, and visit the City of Rochester.

The highlight of the year was the department becoming accredited by the Michigan Association of Chiefs of Police. This is the culmination of almost 2 years of work to accumulate proofs to document our compliance with over 100 standards. These standards have been accepted as best practices in law enforcement. We hope that this accomplishment provides confidence to the public we serve. Fewer than 10% of Michigan agencies have completed this process as of 2022.

We are thankful for the efforts of our accreditation manager Lt. Keith Harper who was assisted by Sgt. Lyon and Sgt. Hermans. Each member of the department made a commitment to seeing this goal to completion. This accreditation remains valid for three years and we must make annual reports to document our continued compliance with these standards of excellence.

We are also proud to have partnered with police departments in Auburn Hills, Birmingham and Bloomfield Township to add a Mental Health Co-Responder to our agency. We call the program CORE and are pleased to be able to have the services of a social worker to help us better meet the challenges of calls where there is a mental health component. Through this partnership and with grant funding we are able to add a second co-responder in 2023.

As part of this program, we have made a commitment to renew training in the Crisis Intervention Training (CIT) model. We are beginning to train all of our officers who have not already received this valuable training. The use of CIT trained officers helps make the CORE program work even better. CIT training will provide our officers with the skills and resources to better respond, with the goal of being able to deescalate situations and to be more knowledgeable of the resources available to help those in a mental health crisis.

We were pleased to bring back the Citizens Police Academy in April and the Police Open House and Bike Safety Rodeo in June. The Citizens Police Academy is a great way to interact with the community and let them behind the scenes to learn more about the department. The 10-week program lets them learn about all facets of the department including some hands-on training such as evidence collection and use-of-force decision making an officer might have to make.

The Open House and Bike Safety Rodeo were very well attended this year. We enjoy opening the doors to the police department to show off our skills and tools of the trade. The bike safety rodeo was a great way for kids to take bikes out on our road courses to learn the rules of the road. We also have stations to check out their bikes for safety. We also provided a free bike helmet for all the kids that needed one. We also have staff there to make sure everyone's helmets fit properly.

Every year during the Christmas Season we hold our Cops and Cans for Kids food drive. We partner with the community to collect non-perishable food items that are then donated to the Neighborhood House Food Pantry. This year we were able to donate well over 400 pounds of food. This was on top of what was used in the Freedge.

The Police Department continues to have a presence on Facebook and Twitter. We look forward to continuing to provide information that educates, informs, and will hopefully bring a smile to your face from time to time. We are proud to have over 24,000 people who follow us on Facebook.

The men and women of the Rochester Police Department believe we can only be effective when we work in partnership with the community we serve. We encourage you to stop at the station, call our dispatch center, or talk with our officers at any time. You can also email me at [sschettenhelm@rochestermi.org](mailto:sschettenhelm@rochestermi.org).

This will be my last annual report. After over 40 years in law enforcement and the last best 15 years here in Rochester I have made the difficult decision to retire. I have been extremely fortunate to work with so many great men and women over these years. None better than here in Rochester. We have accomplished so much over the last 15 years. I thank each and every member of the department for their support and service to the community that makes the City of Rochester great. I have always felt the support of the citizens we serve. We have been so fortunate to have a great partnership with our community,

Respectfully submitted,

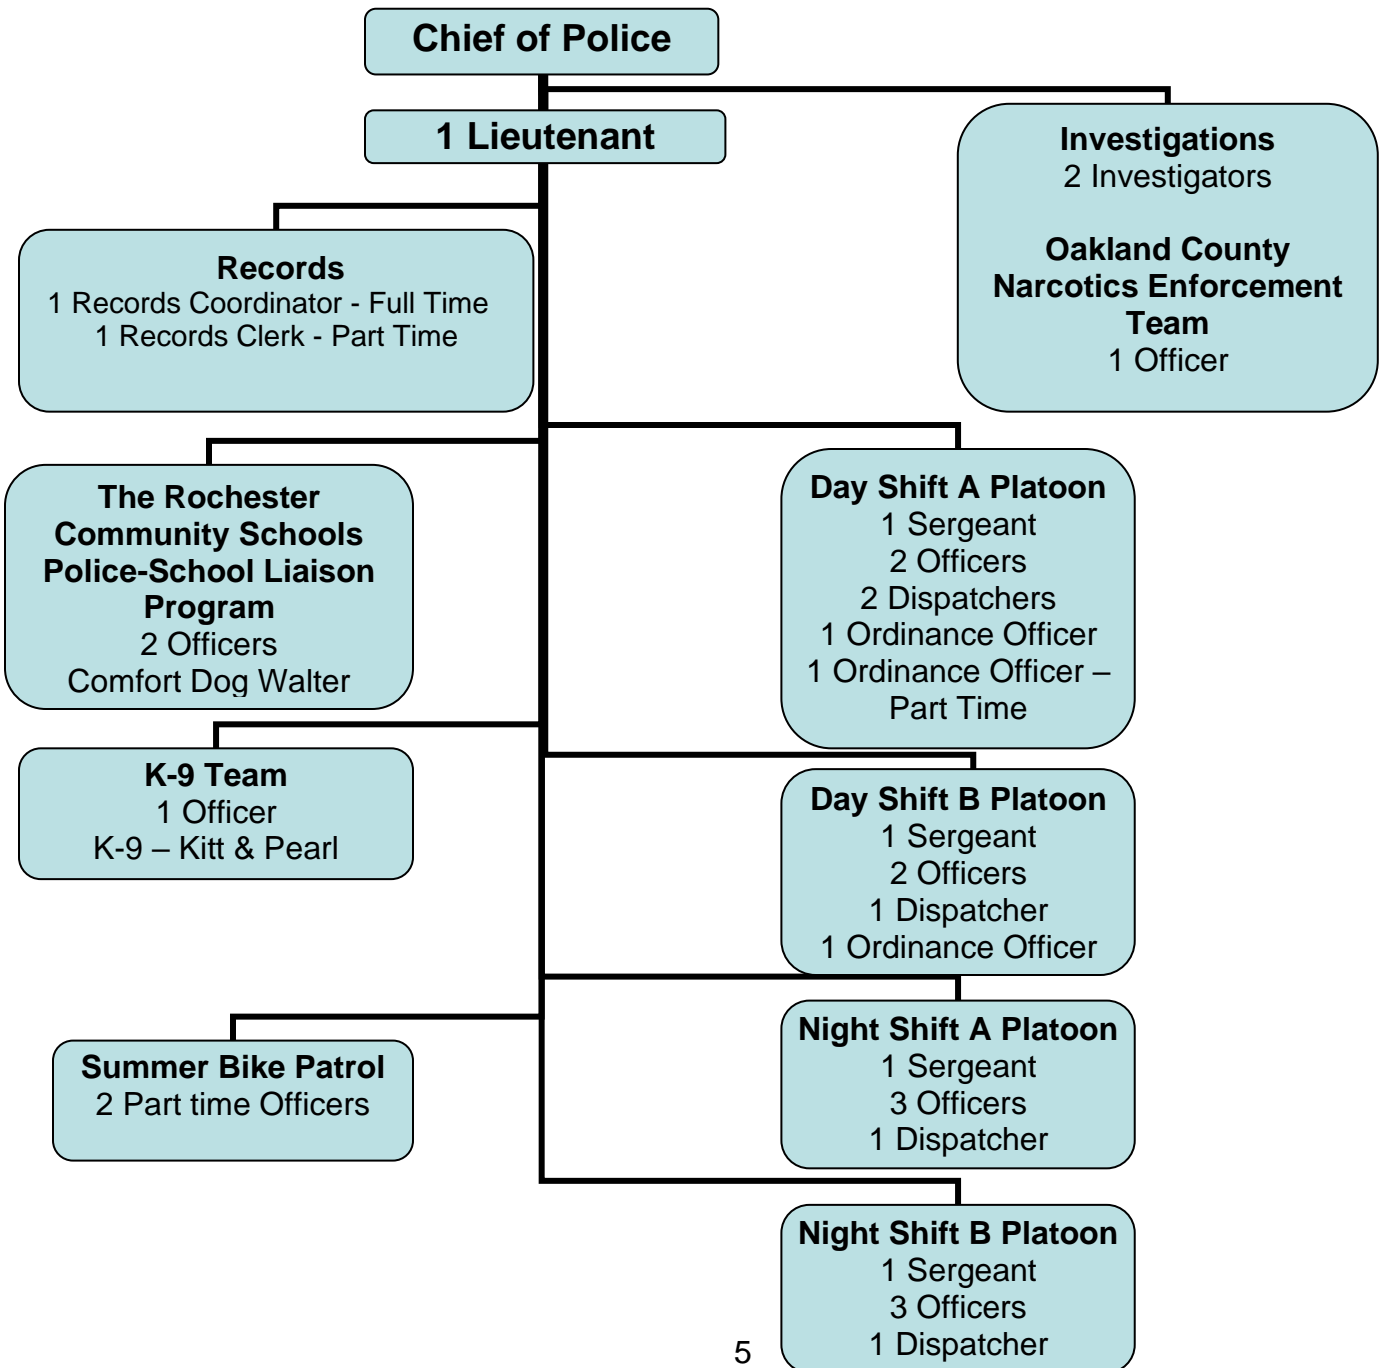

Steven J. Schettenhelm  
Chief of Police
